Content: 1000 ml  
Article no.: 60130005  
EAN: 40 15753 130054

Certiman AcrylglasFinish is a special window pane cleaner for airplanes as well as for plexiglass, glass and plastic surfaces. It is particularly well-suited for cleaning acrylic glass window panes, plexiglass and TFT monitors.

**Suitable for:**

Sensitive surfaces, such as acrylic glass, synthetic glass, mineral glass, plexiglass and Makrolon®

**Characteristics:**

Certiman AcrylglasFinish is a clear, colourless liquid which cleans with a pleasant fragrance and without leaving streaks. Finished surfaces possess an anti-static effect, which prevents dirt from adhering to the surface.

**Use:**

Ready-to-use cleaning solution. The amount of liquid used depends on the level of soiling. Apply directly and polish with a lint-free cloth or leather cloth.

Do not use in intense sunlight or on a warm/hot surface.

**Please always read the label and product information before use. Do not leave the product to dry. The product may corrode sensitive surfaces. Please test before use.**

Further information of the composition can be found on the Material Safety Data Sheet (MSDS).
