

**Certiman Duo Shampoo & Wax 1000** – Cleans, shines and protects lacquered surfaces using carnauba wax.

Article no.: 60130004  
EAN: 40 15753 130047

**Contents:** 1000 ml

Certiman Duo Shampoo & Wax allows you to thoroughly, gently and carefully clean your caravan or boat/yacht as well as similar other lacquered surfaces. This product is ideal for cleaning and protecting vehicles. Thanks to the natural wax (carnauba wax) the vehicle's paintwork will automatically benefit from varnish protection during the cleaning process. The product stands out for its good skin tolerability.

**Suitable for:**

Lacquered surfaces.

**Use:**

Please spray-wash the car with water before starting the cleaning process. Add 50-100 ml of Certiman Duo Shampoo & Wax to 10 litres of water, after which you may start shampooing the vehicle with a sponge or brush. Following this, the vehicle should be rinsed with water and polished with a leather cloth (if required). In areas with soft water, the varnish-protecting wax component allows for the vehicle to dry off by itself. In areas with medium hard to hard water, the dosage should be increased slightly in order to ensure that the vehicle can be left to dry off by itself.

Do not use in intense sunlight or on a warm/hot surface.

**Please always read the label and product information before use. Do not leave the product to dry. The product may corrode sensitive surfaces. Please test before use.**

Further information of the composition can be found on the Material Safety Data Sheet (MSDS).
