

## KATADYN BEFREE GRAVITY 10L - Gravity filter with large volume

### PRODUCT CHARACTERISTICS

Technology:	Hollow fiber; 0.1 micron (0.0001 mm) EZ-Clean Membrane™
Effect:	Removes bacteria, cysts and sediment
Output:	Up to 2 L/min
Capacity:	Up to 1'000 L depending on water quality
Weight:	Approx. 284 g (product)
Dimensions:	24.5 x 21.6 x 5.8 cm (packaging) Approx. 23 x 51 cm (water bag in-use) Approx. 122 cm (hose length)
Guarantee:	2 years
Material:	Silicone, EZ-Clean Membrane™ with hollow fibers, resistant and solid food-grade plastics
Accessories:	<ul style="list-style-type: none"> <li>• 10 liter water bag</li> <li>• EZ-Clean Membrane™</li> <li>• BeFree adapter ring</li> <li>• Quick-release valve</li> <li>• Quick connector coupling</li> <li>• Hose</li> <li>• Hose clamp / dispensing clip</li> <li>• Transport bag</li> </ul>
Article-No.:	8020860
Optional:	<ul style="list-style-type: none"> <li>• 8019641 BeFree replacement filter (1x BeFree included in the set)</li> <li>• 8013450 Bottle adapter with activated carbon</li> </ul>

### FACTS

- Gravity water filter works without pumping
- EZ-Clean Membrane™ element with a flow rate of up to 2 liters per minute
- Filters bacteria, cysts and sediments (pore size: 0.1 micron = 0.0001 mm)
- Window incl. scale to check water level
- Quick-release valve with automatic outlet stop to prevent contamination of the hose
- Carrying strap to transport water bag and hang up at water station
- Minimum weight and small space requirement
- Simply shake or swish to clean the filter
- Excellent for larger groups (10 litres in 5 minutes)
- Also for cloudy water

## **KATADYN BEFREE GRAVITY 10L** - Gravity filter with large volume

### **DETAILED VIEW**

For details on spare parts, please contact your Katadyn dealer.

### **GRAVITY FILTRATION**

Pumping is not required with gravity filtration. Performance depends on difference in height between filter and container. Filtered water is retained in a separate canister, bottle or water bag.

Tip:

The opening of the canister, bottle or bag for filtered water should be as small as possible to prevent dirt from getting in. If water is not to be used on the same day, use Micropur to preserve it (preservation for up to six months).

Katadyn reserves the right to modify product characteristics
