

# DENTAPASS® EMERGENCY DENTAL KIT

<b>Product name</b>	<b>EMERGENCY DENTAL KIT</b>
<b>Brand</b>	<b>Dentapass</b>
<b>Reference</b>	PHDP100033
<b>ACL and EAN code</b>	3401552021166 / 5202116
<b>Composition</b>	<p>This kit contains a set of appropriate products and an explanatory leaflet, in order to cope with temporary emergency care:</p> <ol style="list-style-type: none"> <li>1. A pair of latex gloves</li> <li>2. Latex finger cots</li> <li>3. A dental mirror with a spatula</li> <li>4. A dental probe</li> <li>5. Woven cotton gauze</li> <li>6. Cotton in rolls</li> <li>7. A block of laminated paper for mixing</li> <li>8. A measuring spoon of powder</li> <li>9. A bottle of 5 ml, extract of cloves essential oil (eugenol)</li> <li>10. A bottle of 5 g of zinc oxide powder</li> <li>11. A bottle of 2.5 g of "self-hardening" dental paste (calcium sulfate)</li> <li>12. A mirror glued on the inside of the lid</li> <li>13. An instruction manual with pictures</li> </ol>
<b>Use</b>	<p>This dental kit will allow a neophyte to easily replace a filling, an amalgam, a detached bridge, to put back a crown or a bridge, to glue a temporary tooth or to fill a tooth break. The objective is to temporarily help the user while waiting for an appointment with a dentist (within 30 days maximum). Ideal when traveling far from civilization, at sea but also at home, as a preventive measure (to avoid going to the emergency room on a weekend...).</p>
<b>What are the qualities of the product for this use?</b>	<ul style="list-style-type: none"> <li>• Designed by a dentist</li> <li>• Kit assembled in France</li> <li>• Natural components</li> <li>• Immediately calms a toothache.</li> </ul>
<b>Limitations or restrictions of use</b>	This kit is a temporary solution. It is not intended to replace a dentist.
<b>Recommendations:</b>	An instruction manual clearly explains how to proceed according to the situation.
<b>Regulatory and normative aspect</b>	The Dentapass kit is a Class I medical device under the scope of Directive 2017/745/EEC. Registered with the ANSM by the importer/agent, SARL Dentoa. CE certified.
<b>Packaging</b>	This dental kit is sold by 6 units, in a display case.
