Article No.:	8021023 Optimus Gas 4-Season 100g 8021024 Optimus Gas 4-Season 230g

FACTS

- High-quality gas mix consists of propane, butane, and an increased amount of isobutane, which features a particularly low boiling point.
- Same stable performance at near-freezing temperature and high altitudes that is expected in milder conditions.
- For best possible performance, use with stove that supports 4-Season mode (Vega or Polaris).
- The canisters are protected against damages with a smart seal that indicates if the canisters are unused or not.
- The foldable Optimus Crux gas stove stores neatly in the base of the 230 gas canister.
