### PRODUCT DESCRIPTION & ADVANTAGES

- Keeps all flying and crawling insects away including ticks and anopheles (malaria-carrying), Tiger (Chikungunya, Dengue, Zika), Aedes, Cules mosquitoes, etc.
- Sweat and water resistant
- DEET 50% is the benchmark for tropical regions and is considered to be the most effective active principle on the market
- Recommended from 12 years old
- Protection lasts: 8 to 10 hours

### DIRECTIONS FOR USE

Shake well before use and spray evenly over clean dry skin. For optimum protection, spray Biovectrol Tissu on your clothes. Recommended for adults and children over 12. Do not apply directly on your face. Renew in the event of heavy sweating or prolonged bathing.

### PRECAUTIONS FOR USE

Contains: N, N-DIETHYL-M-TOLUAMIDE. Contains linalool. May produce an allergic reaction. Harmful if swallowed. Harmful to aquatic life with long lasting effects. If medical advice is needed, have product container or label at hand. Keep out of reach of children. IF SWALLOWED: call a POISON CENTRE or doctor/physician if you feel unwell. Dispose of contents/container according to the local waste disposal rules. Use and keep only in well-ventilated areas. Do not use for any purpose other than for that for which the product is intended.
